DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on February 25, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application Number 09/924,626 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 20-34 (renumbered 1-15) are allowed. The following is an examiner's statement of reasons for allowance:

As set forth in the previous office action, while Doan and Murray contain a similar system to that of the claimed invention (e.g. grinding device, elongated screw), the systems of the Doan and Murray do not constitute a tire cavity filling system and one of ordinary skill in the art at the time of the invention would not have found it obvious to use the systems of Doan and/or Murray in a tire cavity filling operation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
